

March 11, 2022

Dear Parents and Caregivers,

I wanted to take a moment to share with all of you that I will be moving into a principalship position at Delburne Centralized School for the 2022/2023 school year. This was an extremely difficult decision as my time at Elnora School has been filled with endless happiness, incredible memories and absolute joy. Chinook's Edge encourages principals to seek new opportunities and possibilities so my transition to Delburne School aligns well with the philosophy of our school division.

I am extremely excited to be moving to a school where I can support our Elnora students as they transition into Grade 9. I feel so fortunate that I will now be part of their High School experience and will do everything possible to support them as they move into the next phase of their schooling. I plan to work very closely with Elnora School to build a partnership that allows for student success and well being.

The incredible staff at Elnora School will continue to offer the very best education for your child. The deep sense of belonging, the support and compassion for your child and the creation of unique opportunities and experiences will all continue in the upcoming school years. The staff at Elnora School is such a special, passionate and dedicated team of individuals and I have no doubt that they will continue to work tirelessly to ensure that your child will continue to grow and flourish in the days ahead.

Chinook's Edge is working hard on a principal replacement plan and will work to ensure that the transition will be seamless for your child. I will be sure to keep you informed as new information and updates become available. If you have any questions, please do not hesitate to contact me.

Sincerely,

Mrs. Pennock
