September 1, 2022**

My Sincerest Thanks

It has been an honour and a privilege to have served as Principal of Elnora School. The times shared, friendships made and the incredible successes that we have enjoyed have been an extraordinary part of my life.

I am so very grateful for all of the experiences and relationships that I have made during my time at Elnora. I have been so fortunate to work with an incredible staff who are passionate about education and supporting students. They devote countless hours to ensure students are provided with opportunities and experiences to ensure success both in and out of the classroom. I have no doubt that as we move into next year, this passion and commitment will continue at Elnora School. I am also grateful to have had the opportunity to work with an incredible group of parents and families over the years. Your valuable thoughts and input, your endless kindness and your unwavering support has allowed for strong connections and relationships. This partnership between home and school has such a significant impact on student success. Lastly, I am so grateful for all of the amazing students at Elnora School. I feel truly blessed to have spent the last several years learning and growing with these students. Our Elnora School students are full of compassion and empathy.

continued

(Principal message continued)

They reach out to help one another, connect with one another and include one another each and every single day. They are students who have morals and values that run deep and they are students that will go on to make a positive impact and a difference in our world.

Elnora School will always hold such a special place in my heart. All of the experiences, memories, stories and laughter will be moments that I treasure forever. I will be eagerly awaiting your children as they enter Grade 9 at Delburne School!

I hope that you all have a wonderful summer. Take good care of yourselves and thank you again for everything.

Jocelyn Pennock
